HOW TO ADVERTISE AND PROMOTE SECOND SPLASH by Richard Daigle

Hello to all the members of Second Splash! This is Richard Daigle and at the time of this writing I have been in Second Splash for little over a month. In that short period of time I have been able to enroll over 200 members and make over \$1900.00.

Bruce Baxter, the Admin of Second Splash asked me to write a little bit about how I advertise Second Splash and my splash campaigns and list some of the resources I use to get referrals.

First off, let me say that I believe Second Splash is the most powerful tool marketers could ever use to get signups and sales in any program they wish and at the same time, make real recurring income just by showing their splashes!

I would encourage every member to upgrade to the highest level they can. You will be using this advertising tool for many years to come and it just makes sense to get everything you possibly can from Second Splash including the making of more splash pages and the increased income by being upgraded.

The next thing to do is make those splash pages! Make as many as you can. It's not hard. Just experiment and refine them until it's just right for you. I made a little video showing how you can make one of these magic splash pages in less than 3 minutes: <https://youtu.be/LbUeYdJlmyI>

After you have made some splashes, now it's time to advertise and promote them. This is where the rubber meets the road. Remember, when you advertise a Second Splash, your upline or downline will also be advertising your splashes. This is the way your traffic increases over time, sometimes as much as 4 to 10X!

So where can you advertise and promote your Second Splashes?

I use Traffic Exchanges, Viral Mailers and Safelists. They are highly effective and Second Splash has been converting extremely well on these platforms. Below are some places to start. It is not an exhaustive list and you can add many other platforms to your advertising arsenal. I have found the following to be a good source:

Traffic Exchanges:

- [EasyHits4U](#)
- [Traffic Ad Bar](#)
- [SubmitAds4Free \(coop\)](#)
- [ActualHits4U \(coop\)](#)
- [EasyOnlineAdvertising](#)
- [WealthBuildersHits](#)
- [WolfHits](#)
- [MyHits2U](#)
- [PaidDailyClub](#)

SafeLists and Viral Mailers:

- [SimpleTextAdz](#)
- [FreeAdvertising4U](#)
- [ViralMailerForYou](#)
- [RichyRichMailer](#)
- [Herculist](#)
- [FOX Featured Offers Xtreme](#)
- [HogMailerPlus](#)

Do you have a proven track record?

If you have a proven track record on how to promote your splash pages and your affiliate link, we will make it worth your while to share your methods in an article like the above. Contact Bruce Baxter through support and use the subject: How I promote SS
